

FIGHTING HUNGER IN AMERICA AND ABROAD

- Bipartisan work with Congresswoman Jo Ann Emerson (R-MO), a leader in food security issues, and others to fight hunger in America and across the world.
- Supporting federal food programs that help disadvantaged children and other citizens gain food security – school lunches and breakfasts, WIC, Meals on Wheels, etc.
- Cosponsoring H.Res. 362, which recognizes the goals of the National School Lunch Program. This program promotes nutritious meals for many rural Missouri youngsters.
- Food security programs promote the well-being of humanity and they are good for Missouri farmers.
- Joining bipartisan group of House members urging greater food purchases for Haiti earthquake relief – this effort was spearheaded by Congressman Blaine Luetkemeyer (R-MO).
- Cosponsoring H.Res. 274, legislation that supports the designation of the month of March as “National Nutrition Month” – promoting a solid diet is important to Missouri farmers and the well-being of our nation.
